#### Community Transport Services

##### 1. Pembrokeshire County Council

PCC's community transport services help people and groups without access to transport or who don't have or can't use conventional public transport services. As nearly all of such passengers (and many volunteers and drivers) are vulnerable, we are following government advice and therefore most community transport services have been suspended ([www.pembrokeshire.gov.uk/social-services-transport/community-transport](http://www.pembrokeshire.gov.uk/social-services-transport/community-transport)).

##### 2. Pembrokeshire Association of Community Transport Organisations (PACTO)

No changes have been made to the community transport report that were reported in the Forum's April News Briefing report on Covid-19 transport changes. For these details *visit* [www.pacto.org.uk](http://www.pacto.org.uk).
